Date due for review	July 2025
Changes since last version	

Club Values

Mutual respect

We are a club with a positive culture and atmosphere. This is built and maintained by members respecting and supporting each other on the field and off the field. Every member of the Vulcans is expected to help foster a positive team spirit.

Teamwork

This is a membership organisation and people are what makes it great. By working together we can help grow the club and lead it to success. No victory is achieved without working together as a team.

Inclusivity

We welcome players from all walks of life and every level of experience. As a club we were set up to challenge homophobic and toxic cultures in sport. We pride ourselves on continuing that tradition and ensuring no one is excluded from rugby in our community.

Commitment

Being a Vulcan is not about being the best but being your best. The only thing we expect from our members is that they come with a positive attitude and put in a good effort. We want every member to contribute in their own way to the success of the club.

Fun

We all play rugby because we enjoy it and we want to ensure that an element of joy is at the heart of what we do. We want our members to prioritise positivity in the way they approach the game and each other.
